

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application.

1. (Currently Amended) Apparatus for providing programming, comprising:

a display device for displaying an image, said display device having a clip for attaching said display device to another object; and

a main body for receiving the programming which is displayed on said display device, said main body having a surface so that said main body sits on said another object or a further object;

wherein said clip has a joint portion for ~~moving arbitrarily~~ turning said display device, said clip for attaching said display device to said another object is alternatively used for sitting with said display device on said another object.

2. (Currently Amended) Apparatus for providing programming, comprising:

a display device for displaying an image, said display device having a clip for attaching said display device to another object; and

a main body for receiving the programming which is displayed on said display device, said main body having a hook for attaching to one of said another object or a further object;

wherein said clip has a joint portion for ~~moving arbitrarily~~ turning said display device, said clip for attaching said display device to said another object is alternatively used for sitting with said display device on said another object.

3. (Canceled)

4. (Original) Apparatus for providing programming according to claim 1 wherein said display device separates from said main body.

5. (Original) Apparatus for providing programming according to claim 1 further comprising a speaker unit having a speaker, wherein said speaker unit includes a hinge.

6. (Original) Apparatus for providing programming according to claim 1 further comprising a speaker unit having a speaker, wherein said speaker unit includes a hook for attaching said speaker unit to one of said further object, said another object and an additional object.

7. (Original) Apparatus for providing programming according to claim 6, wherein said speaker unit further includes a hinge.

8. (Canceled)

9. (Original) Apparatus for providing programming according to claim 2 wherein said display device separates from said main body.

10-12.(Canceled)

13. (Original) Apparatus for providing programming according to claim 2 further comprising a speaker unit having a speaker, wherein said speaker unit includes a hook for attaching said speaker unit to one of said further object, said another object and an additional object.

14. (Previously Presented) Apparatus for providing programming according to claim 13, wherein said speaker unit further includes a hinge.
